MY HEART IS WITH THEE.

BY GEORGE D. PRENTICE.

When the breeze with a whisper,

Stays soft through the grove,

A sweet earnest lisper

Of music and love,

When its gentle caressings

A way charm each sigh,

And the still dews, like blessing,

Descend from the sky,

When a deep spell is lying

On a hill, vale and lea,

When stars like sky-blossoms

Above seem to blow,

And waves like young blossoms

Are swelling below,

When the voice of the river

FLOATS mournfully past,

And the forest's low shiver

Is borne on the blast,

When the wild tones are swelling

From earth, air and sea,

My warm heart is dwelling

Sweet spirit, with thee.

When the night clouds are riding

Like ghosts on the gale,

And the young moon is gliding

Sweet, lonely and pale,

When the ocean is sobbing,

In careless unrest,

And its great heart is throbbing

All wild in its breast,

When the strong wind is wrestling

With a billow and tree,

XXXVITH CONGRESS—FIRST SESSION.

Tuesday's Proceedings.

WASHINGTON, June 5.

Senate.—Mr. Summer presented the petition of Lewis Lappan and others of New York against the imprisonment of Thaddeus Hyatt; also a memorial of citizens of Massachusetts of African descent to the same effect. Referred to the Har- per's Ferry Investigating Committee.

The Homas land grant was taken up.

Mr. Bayard addressd the Senate in opposition.

After considerable debate, the bill was postponed by 32 yeas to 27 nays.

Messrs. Pugh and Latham voted with the Republicans and Mr. Kennedy with the Democrats. Messrs. Crittenden, Douglas and Clay were absent. The latter two paired off.

The army bill was taken up.

Mr. Trumbull said that the effect of the vote would be to defeat the bill, and moved to postpone it and consider it again.

The Homas land grant bill was negatived—28 to 29.

The consideration of the army bill was then proceeded with.

The amendment to pay \$1,600,000 interest to States on money advanced during the war of 1812 was debated at length and rejected—25 to 29.

An appropriation for the regiment of Texas volunteers was concurred in—23 to 18.

Mr. Hale offered an amendment limiting the pay of all officers of the army.

It was adjourned.

House.—Mr. Raynolds called up the Senate bill making provision for the return and support for a limited period of the recaptured Africans.

The committee on the judiciary proposed to amend by increasing the sum from \$100 to \$150 for their comfortable clothing, shelter, and provisions for a period not exceeding a year from the date of their landing in Africa, and also increasing the aggregate amount from \$200,000 to \$250,000.

The amendment of the Committee on the Judiciary was adopted.

The bill was passed—121 against 56.

The Missouri contested election case discussed and the House adjourned.

The Storm.

CHICAGO, June 4.

A terrible tornado passed over eastern Iowa and northwestern Illinois last night. The telegraph lines west of the Mississippi river are all down and we are unable to learn how far West the storm extended and the damage done, which must be great.

At Clinton, Iowa, it commenced at 7:30 P. M., and although lasting but 2½ minutes, it caused more destruction to life and property than any similar storm known in this portion of country. The towns of Camanche, Iowa; and Albany, Illinois; on opposite sides of the river and five miles south of Clinton, were completely demolished. In the former place 32 dead bodies have already been taken from the ruins, and there is still a number that cannot be got out. In Albany five or six dead bodies were found with about 50 wounded—some seriously. We have not yet been able to obtain a list of the victims.

The citizens of Clinton and Fulton are doing everything for the relief of the sufferers.

From other towns on the route of the tornado, that can be reached by telegraph we learn that the destruction to life and property was equally great.

At Alton, Ill., the storm of Saturday last amounted to a tornado, and was attended by an immense destruction of property. Among the losers are the following:

Alton Democrat office, presses, engine and stock; loss \$8,000.

D. Simms, house broken up by a church steeple; loss \$1,800.

Methodist church \$3,000; Episcopal church and organ \$10,000; Martin & Bow's carpenter shop \$400; James Boz-za's store \$300; German Catholic church \$9,000; C. Dimock's house and stable \$800; house opposite, occupied by Mr. Spreen, \$1,000; Seth Sawyer's house \$500; Joseph Spray \$350; Thomas S. Coffy \$500.

The damage to other buildings and offices, as well as to fruit trees and shrubbery in all parts of the city, amounts to considerable. The total loss is probably not much short of \$200,000.

NEW ADVERTISEMENTS.

THE TRIBUNE.

Danville:

FRIDAY, JUNE 8, 1860.

LOCAL.

A WORD ABOUT MONEY.—We need money badly to meet engagements made in reference to our new office. We hope it is only necessary now for those indebted to us, to be reminded of the fact.—They will greatly favor us just now by prompt payment of their accounts, either by calling at our office, or by remittances by mail.

We are admirably prepared to do every variety of pamphlet printing in the best style—college and school catalogues, &c., &c. We have now some work of this kind in press, which we intend shall compare favorably with any specimens we have seen from abroad.

Hons. W. C. ANDERSON, L. W. POWELL and GREEN ADAMS, have our thanks for public documents.

We have received from our young friend BEN. J. MONTGOMERY, a package of late New Orleans papers, for which he will accept our acknowledgment.

We had the pleasure on Tuesday, of greeting our substantial friend, Col. R. B. BOWLER, of Cincinnati, who visited our town to attend the meeting of the Board of Directors of the Lexington and Danville Railroad Company. We have abundant reason to regard Col. B. as a most liberal hearted gentleman. His enterprise and public spirit is only equalled by his kindness of heart, and we shall ever feel grateful to him for the substantial manner in which that kindness manifested itself towards us.

Our office was enlivened on Wednesday by a visit from our genial friend, J. A. REYNOLDS, Esq., of Lexington, whose contributions under a *nom de plume* have been much read and admired.—"Alf." is an excellent writer, and we shall be pleased to have him contribute frequently for our columns, which, by the way, he has promised to do.

RATIFICATION MEETING.—In another column will be found the proceedings of a large Bell and Everett ratification meeting held at Lancaster on Monday week. Let the example be followed throughout the State. When shall the meeting be held in Boyle?

The building of the new Reform Church, on its former site, we understand was put under contract on Saturday last, and will be built, the present season, upon a much admired design of Mr. J. R. Carrigan, of this place.

The Episcopal Church is also to be rebuilt and fitted up in a handsome style, this season, upon a plan drawn by Bowen & Miller, of St. Louis. Bids for building are now being received.

The re-building of the Second Presbyterian Church, we are informed, will not be put under contract till next year.

The iron front erected by Mr. G. W. WELSH, for his new three story building on the corner of Main and Third, is almost universally admired, and is one of the most handsome designs for a front we have ever seen. It is from the foundry of C. S. Sneed, Louisville. We are glad to see that all the buildings in course of erection on Main street are being put up with attractive iron fronts, which will add greatly to the appearance both of the buildings and the town.

CARRIAGE MAKING.—We were conducted a few days since through the extensive Carriage establishment of Messrs. DENNIS & WALTON, on Second street, in this place, where we found every variety of vehicle—usually kept in such a house, and all strictly of home manufacture. The hands employed by Messrs. D. & W. will compare favorably, both in experience and reputation to those of any house in the west.

ANDERSON, who escaped from the county jail, at the same time with T. D. MCGRATH, has been re-arrested, and brought back to his old quarters. He states that the escape was affected by means of a false key, which was in McGrath's possession.

LOUISVILLE HORSE FAIR.—A Fair for the exhibition of horse stock is to come off at Louisville, under the auspices of the South Western Agricultural Association, on the 14th, 15th, and 16th of this month. An advertisement giving the order of exhibition and the list of premiums will be found in our paper today. The premiums are exceedingly liberal, ranging from \$25 up to \$250.—There will doubtless be an unusual display of fine stock on this occasion, and we should like to see Central Kentucky represented by a good number of her extra animals.

THE negro man, Jack Santa Fe, convicted at the last term of the Mercer Circuit Court, of committing a rape upon the person of a white girl in Anderson county, was executed near Harrodsburg on Friday last.

The storms of Saturday and Monday last were very destructive, both of life and property, in many parts of the West and South-west.

Many buildings were unroofed and much valuable timber destroyed in Lexington and Fayette and Jessamine counties, by the storm of Monday.

The St. Louis News, which was

for Mr. Bates—indeed, the first paper

that brought his name before the public

for the Presidency, has announced that it

will support the election of Bell and Everett.

Railroad Meeting.

Pursuant to a notice heretofore given, there was a meeting of the Directors of the Kentucky Central Railroad Company, held at the Sneed House in this place, on Wednesday, the 6th inst. A committee heretofore appointed by the citizens of Boyle and adjoining counties, interested in the extension of the road, were present, and after a discussion of the condition of the road, its resources and prospects, and of the propositions upon which its extension is contemplated, much confidence was felt in the fairness and liberality of the terms offered by the present owners of the road, as well as great encouragement at the prospect of success in the undertaking.

We were much gratified to see many of our most influential, prudent, and reflecting citizens—men who are greatly interested in any project so deeply affecting the interests of the whole community,—taking an abiding interest in the matter, and they are so favorably impressed with the probability of the undertaking, as well as with the great benefits to be derived, not only by the public, but by individuals, who may become stockholders in the road.

We believe the spirit with which the enterprise is being renewed, is highly ominous of success. It has not

aroused by any of the appeals which create a feverish enthusiasm, which dies in a week or a month, but it is the result of a prudent and careful estimate of the reasonable advantages to be expected from the completion of the road upon the terms proposed.

A number of our citizens, we learn,

have determined to take stock in the enterprise, and are quietly, but with the

spirit of men personally interested in the

matter, presenting its claims and advantages to others. This is the right and

the best way to enlarge the interest now

felt, and to cause the real merits of the

enterprise to be properly appreciated.—

We understand that active measures will

soon be taken to raise the necessary

amount of stock required for the comple-

tion of the road. And in the mean time

we hope our citizens will reflect carefully

upon their real interest in the matter,

and if that is done, we feel sure that

they will be so impressed, not only with

the magnitude of this, when compared

with other railroad enterprises, but of its

great local advantages, as to induce that

liberality which will ensure at a very early

day the completion of the road.

[For the Kentucky Tribune]

Aetna Insurance Company.

In behalf of the Trustees of the Hustonville Academy, of Lincoln county, Ky., we publicly tender our thanks to

the Aetna Insurance Company for the

very satisfactory adjustment and prompt

payment of \$4,500, occasioned by the

burning of Christian Academy, on the

25th of April, 1860. Through its most

excellent State Agent, A. C. Ward, of

Winchester, Ky., assisted by J. A. Lytle, agent at Stanford, our demands were

met in the spirit of fairness and great

liberality. Well may we repeat the

sentiment of our Kentucky Legislature—

"that Kentucky should be proud of such

an institution as the Aetna Insurance Company in our midst." Forty-one years

experience, with the largest capital in

the United States, and its most careful

manner of operation, can but render the

policy holders secure; and while managed

by J. B. Bennett (the best business

man trans-Alleghany) it must ever re-

main so. Often for the lack of these

three great elements, Insurance Companies

are passing off, leaving the insured

minus the cash.

Look well to your interests, and obtain

an Aetna policy on your property in this

most destructive age of burning.

J. J. CRITTENDEN.

His fine young Jack will stand the present season at our stable, immediately on the turnpike leading from Stanford to Crab Orchard, 3 miles from the former place, and will serve Jennets at \$25 to insure a Jennet in foal, the money to be paid when the fact is ascertained. Such Jennets as have been tried for several years and always proven barren, will be charged a reasonable fee, to pay us for our trouble with them, should they fail to get in foal. Great care taken to prevent accidents or escapes, but no liability should either occur.—Grass furnished gratis for Jennets from a distance.

The Premium Trotting Horse, NORMAN,

WILL stand the season of 1860, at "Leland," the farm of N. T. LEE, about two miles from Danville, on the turnpike leading from Danville to Harrodsburg, at \$20 the season, payable at the time the services are rendered or the mare removed—or \$30 to insure a mare in foal, payable as soon as the fact is ascertained or the mare parted with. Mares pastured at a reasonable price. Due attention will be given to prevent accidents, but no liability should any occur.

Description and Pedigree.

NORMAN is a beautiful brown, about 16 hands high. He was bred and raised in New

Jersey, 1 hand high, and at the time of his last fall, and there, also, he received the first premium—about twenty horses contending against him. I also exhibited him at Danville and Lancaster, taking two premiums at each place. Norman's sire was a Messenger horse, and the "Morse horse," his dam was by Jerry Highlander, grand dam, Hamiltonian.

N. T. LEE.

The Premium Horse, ROMULUS,

Stand at the same place at \$10 the season, or \$15 to insure a mare in foal. He is 3 old this spring, and will be limited to 20. He was sired by Murdock, he by old Murdock has taken a good many premiums. He was exhibited at Louisville and United States Fair, where he received the premium. Romulus' dam, Kate Brown, is the finest mare in Kentucky or any other, having taken two premiums at the United States Fair, one in her own ring, and the Sweepstakes of all ages. She has about forty premiums at the different fairs. Romulus about fourteen premiums. He was awarded the second premium as a colt. His grand dam has produced nine colts. Romulus is a blood bay, 6 hands high. NELSON T. LEE.

REPORTED BERTRAND

His fine Jack will stand the present year at my farm, on the Harrodsburg and Perry turnpike, not far from Nevada, in Boyle county, and will serve Jennets at \$30 to insure a colt. A few Mares will be served at \$12, age gratis to all animals, except sterile. They will be charged \$1.50 per month. Bertrand stands unrivaled as a breeder. His stallions are the best at all fairs wherever he goes, and he now challenges any animal in the state to compare products.

Compromise.

WILL stand the present season at my stable, in Boyle county, and will be permitted to serve Jennets at Fifty Dollars to insure a colt, no pay. Pasture furnished at \$1.50 per month, fed at \$1.00 per week if necessary to prevent accidents or escapes, but should any occur.

JAMES GORE.

Description.

NG COMPROMISE is six years old next in fine health and vigor; jet black with nose; full 15 hands high; was bred by

J. Clay, of Bourbon county, Ky., and is in style and symmetry of form than any have seen this side of the Kentucky.

He is clear of gouts, blindness, crook and all like maladies, that are so usual in Jacks. All who are interested in such are invited to call and see for themselves.

Compromise took premiums at the late and Springfield Fairs, backing out all the best Jacks.

PEDIGREE.

NG COMPROMISE was sired by Mr. GORE's Compromise, who was 16 hands.

His dam was Pioneer; grand dam by Warrior; g g dam a Maltese Jennet.

GORE's Compromise was sired by Tippecanoe, Black Hawk; and he by Hon. Henry.

Warrior. His dam was Mr. Clay's thoro-

ughbred Maltese Jennet, all the best and largest in the State of Kentucky. The sale will commence the 1st of March, 1860.

JAMES GORE.

CERTIFICATE.

DANVILLE, MAY 12th, 1860. Is to certify that my colt, by Gore's is the finest I have ever had foaled. I have offered a \$1,000 for said colt, and take \$2,000. W. L. TARKINGTON.

THE SUPERIOR MAMMOTH JACK, Great Western, The Largest Jack ever brought to Central Kentucky.

WILL make the present season, 5 miles west of Danville, at Sixty Dollars, to insure a colt. Jennets from a distance will be grazed at \$1.50 per month, and grain fed at \$1.00 per week, if necessary. Care taken to prevent accidents or escapes, but no liability should either occur.—Grass furnished gratis for Jennets from a distance.

D. A. KNOX.

Pedigree and Description.

GREAT WESTERN was sired by Buena Vista, the largest son of Imported Mammoth; his dam was a fine, large Jennet of the Hickman stock. Great Western is a jet black with mealy nose, 16 hands 2 inches high, 6 years old in June next, in point of size, bone, muscle, and color, he is unsurpassed by any Jack in Kentucky. He took the premiums in the fall of 1858, at Danville, Springfield, and Salvisa; I have not shown him since. I invite all persons interested in the stock, to see some of his colts before breeding elsewhere, as I think him one of the finest, large breeders in Kentucky. His colts can be seen in Boyle, Marion, Lincoln, Washington, Marion, Barren, Hart, Garrard, Jessamine, Franklin, and Nelson. His dam, grand dam, his sire, and grand sire were all black. He possesses not a drop of gray stock in his veins, so far as known. As to his size no stock in America can beat him. His sire, Buena Vista, took the cup in 1854, at Lexington, Paris, Eminence, and Louisville, beating and backing out all the best Jacks in Kentucky. He was 16 hands 2 inches high and weighs 1,400 pounds.

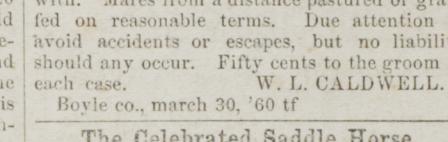

I have a COLT of the above Jack, 16 hands high, that will be permitted to serve a few Jennets, as I have a mare in foal.

He will be 3 years old in June next, and will be a fine, large Jennet (the mother of Felix Fisher's large Jack) by Old Tippecanoe, &c.

The Celebrated Saddle Horse, YOUNG AMERICA,

WILL stand at my farm, formerly owned by John McClane, in Boyle county, 5 miles north of Danville, and 5 miles south of Harrodsburg, and 1 mile from the Cove Springs.

YOUNG AMERICA will be let to mares at Fifteen Dollars to insure a mare in foal—if the mare prove not to be in foal we charge nothing.

Mares from a distance will be pastured gratis, but will not be responsible for accidents or escapes should any occur. Mares part with foalts the insurance.

Young America has taken twelve premiums at the principal fairs in the State.

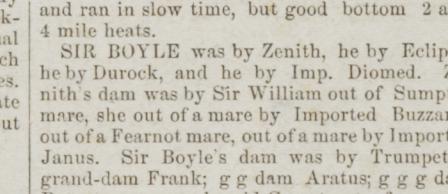

DESCRIPTION and PEDIGREE.

YOUNG AMERICA is five years old in May, a beautiful bay, fifteen hands three inches high, and commands a fine appearance. Young America was sired by Bay Messenger, Jr., by the celebrated Bay Messenger, brought to Kentucky by Joseph L. Downing and his dam Medley, and he by Potomac. Young America's dam was by the celebrated Horse Sweeper, one amongst the best saddle and harness horses in Kentucky.

THE PREMIUM STALLION, SIR BOYLE,

WILL stand the present season, at my stable in Danville, at Ten DOLLARS—payable the 1st of August, 1860—with the privilege of breeding till the 25th of November if the mare fail to be in foal.

DENNIS DORAM.

Boyle co., march 30, '60 tf

Description and Pedigree.

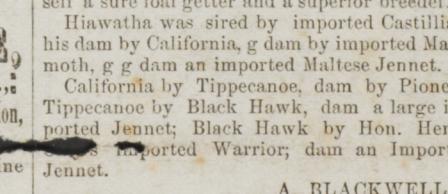

SIR BOYLE is 6 years old the 4th of April, 1860, a beautiful blood bay, near 16 hands high, with fine action, a good rocker, pacer and trotter, and has a mild temper, easily managed; good feeder and muscular power. He was trained in the fall of 1858, some eight weeks, and ran in slow time, but good eight weeks and 4 miles heats.

SIR BOYLE was by Zenith, he by Eclipse, he by Durock, and he by Imp. Diomed. Zenith's dam was by Sir William out of Sumpter mare, she out of a mare by Imported Buzzard, out of a Farnort mare, out of a mare by Imported Janus. Sir Boyle's dam was by Trumpeter grand-dam Frank; g g dam Aratus; g g g dam Potomac; g g g by old Comet out of a mare by imp. Janus.
